YOUNG PEOPLE

We've had an absolute blast at our youth clubs lately! Our young people have been busy expressing themselves through art, games and learning new skills. From designing their own tote bags and creating delicious fruit art to tackling Taskmaster challenges and gaining essential first aid knowledge, there's never a dull moment. We love seeing their creativity and confidence shine!

"Facing fears going up high ropes"

"Being happiest I've been in 6 years and never felt happier"

TRAINING

In June we delivered our [LGBTQ+ inclusivity training](#) to non-clinical staff at the Lambeth Primary Care Network, providing them with the tools to create a more welcoming and supportive environment for LGBTQ+ young people.
